PPP DICTATORS CELEBRATING AS:

GUYANA's AMBASSADORS TAKE **GOLD**
AT LONDON 2012 **OLYMPICS**!

IN A HIGHLY CONTESTED RACE CALLED

**RACIAL DISCRIMINATION**!

Score: **AFRICAN AMBASSADORS-1**
**EAST INDIAN AMBASSADORS-43**

( *Guyana Population: 36% African, East Indian=42%*)

The single black ‘fly in the ppp honey’ is a Black woman, **Elizabeth Harper** who is in quarantine in Guyana. Confined at home as Ambassador to the Caribbean-CARICOM which is Head Quartered in Guyana.

She is also happens to be the Head of the Guyanese Foreign Service which makes her at least partly responsible for the egregious racialism against her own kind of people.

Moreover it was revealed that there are no specific qualifications for these posts and several appointees had no previous experience eg **Lall Singh** (London) and **David Dabydeen** (China). **Lall Singh** is making up for his lack of experience. He is still there since **Jagan** appointed him in 1992.
In any event, whatever the selection criteria, being East Indian seems to be the sole operating qualification to represent Guyana.

Moreover this is not only peculiar to the Diplomatic Service but exemplifies the unremitting racism being visited upon Black Guyanese in general and especially upon the poor non-working classes.

- Contrary to any impressions bandied about overseas by the comparatively few privileged black beneficiaries like Mrs Harper, the undisputed truth is that this kind of shameless and unapologetic racism is widespread throughout both the public and private Sectors of the country.
- Almost all of the top Administrative positions at Georgetown Hospital are filled by East Indians.
- They even managed to employ a Paedophile Doctor already struck off in the USA. No doubt it due to administrative errors. His glowing references must have been: Being East Indian.

To be fair and to put this in its proper context it was the late great Prof. Walter Rodney himself who railed against the Square Pegs in Round Holes Policy which was institutionalised during the 28 year old reign of the Burnham’s Paramountcy Dictatorship.

And if in 1992 Cheddi Jagan appointed as PPP Foreign Minister Clement Rohee a man who

- used to sweep out the ppp party HQ in the 1960’s, and knew not
- that Dominica and the Dominican Republic were different countries
- and who today as Home Affairs Minister is responsible for the Linden murders.

…it was also Burnham who ruled that Walter Rodney was not qualified to teach at ‘his’ University of Guyana.

So while this is nothing new the extent of it today is ‘off the scale’. If to Walter Rodney, ‘King Kong’ Burnham reverse Midas Touch turned all he touched into excrement, unfortunately Cheddi Jagan unlike Burnham did not live long enough after fairly regaining power in 1992 to behold:

- the excrement being produced by his successors on such an Industrial scale that
- last year his own daughter was compelled to denounce it and them.
And if Burnham’s Paramount Police band could compose a tune called ‘Run Rodney Run’ and Burnham would promise to send Rodney to the Olympics and sent him to the cemetery instead,

- pro rata if Walter Rodney was alive today (his spirit still lives among some of us) he would have been assassinated by PPP Drug Baron Roger Khan’s Death Squad faster than
- he could shout the words ‘Racist Dictatorship’ outside Lall Singh’s London Embassy today.

Like Walter Rodney who is buried in Guyana ,US Civil Rights icon Rosa Parks in the 1950’s American South, took a stand and refused to sit at the black back of the bus.

15 year old Claudette Colvin was first, but getting pregnant ,she could’nt ‘fly’- public-relations wise-with Franklin Frazier’s super-duper respectable black bourgeoisie. Read her story below http://www.oprah.com/world/Meet-the-Original-Rosa-Parks

But Ambassador Elizabeth Harper doesn’t sit at the back of this Diplomatic bus, she is driving it. A bus called ‘Guyana Foreign Service’.

The well-paid and foot-somely rewarded Mrs Harper refuses to go near Rosa Park’s or John Carlos’s(1968) Inter-Generational baton in the Black Freedom Relay Race.

She will never do what 15 year Caudette Colvin did or the Caribbean Bus Driver did in Liverpool in the 1950’s. Fed up with the racism from both the bosses and public he just upped and abandoned the damned bus in the middle of the rush hour.

No doubt .she and her kind of well placed Black collaborators in Guyana will ask who will give me money for the big house, comfortable /fancy living today and expensive overseas education for the children tomorrow?

We are congregating today at 1pm just before lunch outside one of ‘her’ Embassies in London today to deliver the answer :It’s money stained with the blood of 3 innocent demonstrators in Linden- and the 200 + young Trayvon Martins wiped out by Roger Khan’s Phantom Squad.(He is now serving 15 years in an NY prison for importing drugs to the US).

In Pre-Olympic London at bus stops during the rush hour, the non-working and working poor Black people are late -of course yeah! white and Black an all shades in-between but especially and disproportionately black-are desperate for a red Double-Dekker.
Finally they sight one coming down the street road with a black at the wheel and just as they are Getting Ready an Getting Set to board, it flashes past empty and then they sight the big notice on the front of the bus:

‘DRIVER UNDER INSTRUCTION!’

Always by a white Instructor of course.

In the early 1950’s the Trade Unions opposed the recruitment of Caribbean blacks as drivers (conductors ok) because as the shop steward told the great miler Chris Chattaway turned BBC Journalist on TV outside Lambeth Bus Garage near to the Oval Underground:

‘we have found that the coloured man is slower to respond in the traffic (than the white man)’.Chattaway: ‘But not every coloured man surely?’ No Mr Chattaway but. ’ (see You Tube under ‘Blacks in Britain’

Even Priests would skip black women kneeling before them at the Communion Rail and advise them after Church to SEEK Ye the nice Coloured Church just down de road from next week’.

‘DRIVER UNDER INSTRUCTION!’

So it is with Elizabeth Harper. Guyana Foreign service Bus driver.

Aspiring Blacks Young Gifted and Black students men and women-dreaming Martin Luther King’s dream and wanting to represent their country overseas queue expectantly at the Bus stop in Georgetown called ‘Equal Opportunities’- and sight the bus coming driven by this middle class speaky-spokey’ Black woman get too excited and then Whoosh! She flash past them like an Exam.In a cloud of pppp dust and stinking fumes ..NUFF RASS …

Black Elizabeth Harper and those of her class and silk-pantied Bourgeois ilk is Fela Kuti’s archetypal ‘Lady’. In Iran they have a saying:

‘When the axe comes into the forest the trees say’ Look at the handle she’s one of us.’

These are the kind of refined well-educated Guyanese wimmin (local bodies foreign-minds) who seriously debate among themselves in a foreign kitchen whether on principle all of them should refuse to make a cup of anything for our black-skinned Intellectual Lion Walter Rodney-‘who asked for it’.
Hiding their racism and classism behind the Stone-walls of their highly principled Feminism then, but now in the current dispensation they Grovel Gyrate and Genuflect before the ppp Ruling Class Racists –‘Under Instruction’ and Under Heavy Manners too...

We know exactly where to find Fela’s fire-dancin African women in Georgetown. Not in Bel Air or Queenstown or among the NGO foreigners but in Al-boys-town. …

Listen to Fela on Lady. http://www.youtube.com/watch?v=zN_GQFfiwS4

Of course local Guyanese Blacks at the Bus stop only see the ‘Guyana Foreign Service’ Bus. They never see a ‘Driver Under Instruction’ notice much less any NO BLACKS ALLOWED signs. They only see liveried Chauffeurs like Harper but the effects of the exclusion are the same.

The route laid out by the powers that be for Harper to travel definitely does not include the Georgetown’s African grass-roots enclaves of Tiger Bay or South Ruimveldt. This is where Walter Rodney’s street forces exist (not live) hustling to survive. No Harper bus-stops here.

These impoverishment by design areas are ‘serviced’ by other (yet to be identified named and shamed Black bus drivers, like Elizabeth Harper.

- All the other forms of racial discrimination raining down upon them are rooted in structured economic warfare, arrested development and racial disadvantage.
- No work ,
- No major contracts,
- No training-no education,
- poor health etc.-95% of Top Officials at the Georgetown Public Hospital are East Indians…

Plenty work is available as PPP goons though whether plain-clothes or in Uniform- Police Black-Clothes or Soldiers..

The vicious circles are tightening and when the victims break free and explode the expensive bullets of this ppp regime the bullets rain down upon them as in Linden. Once more by Blacks ‘Under Instruction’.

This is state sponsored and structured economic warfare and State terrorism prepared in advance for political ‘Apanjhat’ purposes: The Trayvon Martin criminalisation process began in state-sponsored racist Editorials in a State owned and controlled newspaper-the Guyana Chronicle by an Indian Deputy Editor.(see attachment no2)
Parvatie Persaud was once married to a Black man and is the ex-mother-in-law of social activist Mark Benschop–Google Parvatie Persaud. No she was not dismissed possibly because the Chairman of the Chronicle’s Board Keith Burrowes is also a Black man ‘Under instruction’

To tell the truth this other Guyana –and the concerns of these struggling people are eons away from the privileged pre-occupations of Guyana’s Envoys abroad and the Harpers at home who purport to represent them.

And like Burrowes other Blacks like ex-Univ Of Guyana Professor Compton-‘nuff rass’ Bourne and Roger ‘out to lunch’-Luncheon scattered throughout the new ppp Paramount State are ultimately ‘under instruction’ from East Indian Ruling Class.

Black Elizabeth Harper the theoretical Supervisor of Ambassadors abroad, is herself under close Supervision by another ppp Portuguese woman, Foreign Minister Carolyn Rodrigues-Birkett, who in turn is under closer supervision and heavier Instructions from ex-President Bhar-'rat' Jagdeo - and now President Donald ‘Duck’ Ramotar.

It is rather difficult to resist an imperfect military analogy, but in strict military terms Elizabeth Harper appears to be a Black Drone being driven and directed by remote controllers ensconced in ppp Head-Quarters.

One cannot even exclude the possibility that targets in her community might be selected and programmed in advance for this two for one’ Lady. The dictators are actually getting two, a black and a woman, for the price of one..

As the struggle intensifies in Guyana for Truth Rights and Justice for Africans, even Ms Harper status as the only Afro-Guyanese Envoy on the planet-as of October 2011-might become problematic.

Perhaps Guyanese Lady Valerie Amos UN Humanitarian Chief might be able to advise whether Ms Harper is entitled to any Special UN consideration for Protection as a Rare and Endangered Female of the Species because of course her current legal right to claim Diplomatic Immunity at home in her own country can be withdrawn at any time. Faster than you can clap a Roti.

UK Ambassador Envoy LALL SINGH being East Indian has no such insecurities. After 20 years in post 1992-2012 he is and still going wrong.And strong. He should have resigned a LONG time ago.
IT'S JUST NOT CRICKET!

Lall Singh should retire 'Not Out' and give retired West Indian Superstar Cricketer and Batsman Clive Lloyd a chance to come in to Bat. For the ppp. As UK Ambassador with Prof Colin Bobb-Semple as his Deputy.

These two overseas-based Guyanese are currently at home enjoying lucrative Contracts with different Tentacles of the ppp Paramount Octopus.

Apart from their obvious talents, these two ‘selected from overseas for Integration’ must be in good favour with the regime because Black Professionals and Firms at home have no chance to win major Contracts.

Like the Young Gifted and Black, those at home are also left standing at the Bus Stop called Equal Opportunities to be Unequal—as other Black drivers from the same stable as Harper flash past Under Instruction.

But if they look closer they will see the bus ain’t empty. Clive and Colin are seated in the back like Black Southerners before Rosa Parks. Recently UG Prof Compton Bourne had to jump out the ppp bus after Nuff Rass.

We Caribbean and Latin American Anti-Racists must keep up the nuff rass pressure on Colin Bobb-and Weave-Semple and now Clive Lloyd too. He should know better. Someone must explain to them that after the Linden killings their contracts with the racist ppp are now Faustian Pacts paid with Blood money.

Their hands are stained with nuff innocent blood. By Association.

These are just a few reasons why we have to make a stand outside the Guyana London Embassy today which Lall Singh after 20 long years may well believe is his own private Residence.
